Occurred on April 20, 2023 / Matamoros, Tamaulipas, Mexico

"On Thursday, April 20, I was with my family watching the launch of the starship from Bagdad Beach in Matamoros, Mexico, on the border with Texas, United States, I decided to record it because it is a very important event and it was very exciting to experience it, I shared it on networks and went viral."

Now that's a video that deserves to go viral! No wait-for-it, no annoying chart music, just pure reality!

Don't you dare not being there during the second flight and also, shoot till the end! :)
Thank you for the reaction :)

Great rare angle!
How far were you from the launch site? Was there a section of beach closed off?
